HELPFUL TIPS AND SUGGESTIONS!

At Gregg's we have over 120 sales staff who are regularly exposed to learning experiences through their sales calls. In an effort to have this knowledge shared with those who could use it the most, we have developed a new initiative called "Pass It On". This flyer lists some of these products and their out-of-the-ordinary applications. We hope you find the information useful for your own operations!

Talk about a multitude of uses — **WD-40** can even be used to coat equipment and machines (pressure washers, etc.) after cleaning, to shine and protect! Use on any type of metal.

Not just for drinks! This adjustable drink holder can be used as an inexpensive wall mounted holder for emergency air horns!

Some glass cleaning products can be harmful for tinted windows — causing discolouration and changes to the tint.

Avoid this by using **Bon Ami Glass Cleaner** which is safe for use on tinted windows!

HELPFUL TIPS AND SUGGESTIONS!

You'll be "floored" with this cleaning tip! Mix Sunlight and Liquid Rig Wash together to help with washing floors. Mixed together, they clean grease and tar much better! Can be used full strength or diluted with water.

Part No. (JJJ) 5729811, 1.13 L Sunlight Dishwash Liquid.

Part No. (JJJ) LIQ-20, 20 L Liquid Rig Wash.

Here's a sound tip for sound-proofing! An HVAC contractor told us he carried extension ladders on his vehicle's roof rack. He uses Mono Ultra 3X Foam in each end of the ladder rungs. This stopped the annoying howling created by the hollow ladder rungs when the vehicle was in motion.

Part No. (JJJ) 7079875432, 340 g can.

Part No. (JJJ) 7079875436, 680 g can.

Not just for hearing protection! Use earplugs to plug threaded holes (or any small hole) when painting! This keeps the paint from seeping in and reduces the amount you might have to re-tap. These handy items can also be used to plug oil lines!

Part No. (MMM) 1100.
