

Pass It On

HELPFUL TIPS AND SUGGESTIONS!

At Gregg's we have over 120 sales staff who are regularly exposed to learning experiences through their sales calls. In an effort to have this knowledge shared with those who could use it the most, we have developed a new initiative called "Pass It On". This flyer lists some of these products and their out-of-the-ordinary applications. We hope you find the information useful for your own operations!

Did you know **WD40** can be used to soften leather? Need to break in your new tool belt? Try spraying **WD-40** on the leather, it will make it soft and easier to use.
Part No. (WDD) 01032, 311 g aerosol.

Here is another great use for **Rustoleum crystal clear enamel/clear coat spray**! Try spraying it on window decals and parts with serial numbers to prevent fading and wear. The coating prolongs the life of decals and serial numbers.
Part No. (RUS) V2102838, 14 oz. clear spray.

These **Heat Protection Sleeves** can be used to protect pull cords on snowmobiles from the heat of turbo chargers. The turbo chargers are located by the pull cord and sometimes will melt the starting pull cord.
Part No. (BQP) BQ312BK, black sleeve.

Pass It On

HELPFUL TIPS AND SUGGESTIONS!

This **plastic blade set** from Lisle works great for removing sealant from around doors, windows and vents. They can also be sharpened on a bench grinder for fine work.
Part No. (LIS) 52080, 5 pc. plastic blade set.

Did you know some Motorcycle shops use **Kerosene** as an optional fluid for flushing of debris from gear boxes. It offers enough lubricity for these types of flushing applications and is a better priced alternative to using expensive gear box fluids.
Part No. (LLL) KER-4, 3.78 L kerosene.

How to keep mice out! **Steel wool** is a safe and environmentally friendly product that is used to prevent unwanted pests and rodents from entering homes, buildings, RV's and many different structures. Because of the sharp fibres in stainless steel wool, mice and rodents can not chew through it like many other products. Use **Steel Wool** to stuff the gaps around wiring, pipes, and plumbing lines to deter mice from entering.
Part No. (PCR) 60-1707, bag of 16.
