

Pass It On

HELPFUL TIPS AND SUGGESTIONS!

At Gregg's we have over 120 sales staff who are regularly exposed to learning experiences through their sales calls. In an effort to have this knowledge shared with those who could use it the most, we have developed a new initiative called "Pass It On". This flyer lists some of these products and their out-of-the-ordinary applications. We hope you find the information useful for your own operations!

If you're caught in the cold and don't have any lock de-icer, consider **alcohol-based hand sanitizer** as an alternative. Put the hand sanitizer on the key and use the key as a delivery system. Do not heat the key after applying hand sanitizer.

Part No. (GOJ) 9651CN, 118 mL Purell Hand Sanitizer.

Try spraying **Windex** on a freshly laid bead of silicone, then use your finger to spread the bead. You will find that the Windex enables you to smooth out the bead with a very clean finish. An added benefit is that the silicone will not stick to your finger and is easy to wipe off with paper towel.

Part No. (SCJ) 80770, 765 mL Windex.

Motor oil can be used as lubricant for hinges, rollers and trucks on bay doors. Weight doesn't matter, but heavier lasts longer.

Part No. (UNO) SUP-10/30-1,
946 mL 10W-30 Synthetic Blend Shield Choice.

Pass It On

HELPFUL TIPS AND SUGGESTIONS!

Help prevent weather stripping and rubber seals from drying and cracking! Simply spray **WD-40** on weather stripping or rubber to keep it soft.
Part No. (WDD) 01011, 342 g WD-40 Aerosol can.

Need help cleaning the soot build-up in the EGR valves and coolers on diesel pick-ups? Try Lloyds Original Purple Cleaner. It can be used at full strength and left to soak, up to eight hours, then rinse when done.
Part No. (LLO) 57622, 935 mL Original Purple Cleaner.
Part No. (LLO) 57620, 20 L Original Purple Cleaner.

Step 1

Step 2

Step 3

Create a makeshift waterproof seal! If you have a damaged wire and need to repair it, apply some dielectric grease before insulating the wire with heat shrink tubing. As you heat the tubing, it will shrink and expel any excess grease, creating a waterproof seal.

Part No. (PER) 22064, 85 g Dielectric Grease.
