HELPFUL TIPS AND SUGGESTIONS!

At Gregg's we have over 120 sales staff who are regularly exposed to learning experiences through their sales calls. In an effort to have this knowledge shared with those who could use it the most, we have developed a new initiative called "Pass It On". This flyer lists some of these products and their out-of-the-ordinary applications. We hope you find the information useful for your own operations!

Try **Crystal Simple Green** as an economical alternative for cleaning any after market washable air filters or foam filters. Use a ratio of 1:10 parts water and let the filter soak for approximately 10 minutes. Rinse with clean water and let dry before use.
Part No. (JJJ) 19128, Crystal Simple Green.

Fight Back is a graffiti remover that can also be used to clean pitch off of metal rollers on large conveyor belt systems
Part No. (LLO) 61714, 350 g Fight Back Graffiti.

If you require weight to hold an item in place, then you should experiment with **glass bead!** The glass bead does not change when it is exposed to moisture and cold temperatures (as opposed to sand which absorbs water and becomes very hard when frozen). If using in an outdoor application, consider the use of an empty sandbag (as the paper bag outer packaging will not last in the rain).
Part No. (MAN) 071005, Grade #5 Glass Bead.
Part No. (FFF) WPWB-1424, 14" x 24" Woven Bag.
