## HELPFUL TIPS AND SUGGESTIONS!

At Gregg's we have over 120 sales staff who are regularly exposed to learning experiences through their sales calls. In an effort to have this knowledge shared with those who could use it the most, we have developed a new initiative called "Pass It On". This flyer lists some of these products and their out-of-the-ordinary applications. We hope you find the information useful for your own operations!

**Part No. (JJJ) 2223990**, Pack of 80 Snuggle Dryer Sheets.

Need a simple yet effective way to start a siphon? Just cut a slit along your hose of choice, about 9" away from the discharge end, then take an airgun like **Bridgeport's variable flow star tip blow gun**, and put the tip in the slit. Then just point the gun towards the end and blow, your siphon will easily start!

## HELPFUL TIPS AND SUGGESTIONS!

With winter weather on the way make sure you're prepared in case an emergency strikes. **Roughneck's collapsible aluminum shovel** is an ideal addition to any winter emergency kit, at an economical price point it sure beats having to dig your car or ski-doo out of a snow bank by hand!

**Part No. (ROU) CAS**, Collapsible Aluminum Shovel.

Are you looking to make a large surface anti-slip, but also want to go easy on your wallet? Do it yourself by mixing (your choice of colour) **Spectra industrial enamel paint** with **silica sand** and roll it on with one of our **Pristine paint rollers**. The more silica sand you use the more grip you will have, giving you a custom and economical option for anti-slip surfaces.

**Part No. (SPE) 760591G**, 3.78 L Semi Gloss Black Spectra Enamel Paint.

**Part No. (PCR) 60-1370**, 190 mm x 5 mm Nylon Roller.

**Part No. (EEE) SIL7**, 22.7 kg bag #7 Sand.

Are you someone who has to drive a lot in the winter? We suggest using amber shaded safety glasses, like **Crews Glasses**, in order to help distinguish a difference between the snow and pavement, and to minimize glare.

**Part No. (NNN) ST114**,

Black Frame Amber Lens Glasses.
